# MEET OUR SPEAKERS

## Dr. Sarene Saw

Dr Sarene received Bachelor of Dental Surgery from Queen Mary, University of London in 2011. She worked in both hospital and private settings in the United Kingdom and Singapore before pursuing further studies in Endodontics. Dr Sarene received Master of Science in Endodontics from the University College London, Eastman Dental Institute in 2018. Her main interest is in clinical diagnosis and management of endodontic patients. She currently lectures at Universiti Teknologi MARA and works in private clinics with practice limited to endodontics. She is also the President of the Malaysian Endodontic Society from 2021-2023.

## Dr Yen Jui-Ying

Dr. Jui-Ying Yen graduated from Department of Dentistry, National Yang Ming University in Taiwan in 2003. She became the periodontal specialist of Taiwan Academy of Periodontology since 2010, and the specialist of Academy of Dental Implantology, R.O.C. since 2012. Dr. Yen serves as member of council and supervisory of Academy of Dental Implantology, R.O.C. since 2013. She also involves training program of periodontal specialist at Department of Stomatology, Taipei Veterans General Hospital since 2012. Now, Dr. Yen works as an attending physician in Department of Stomatology, Taipei City Hospital, Yangming branch, and a Ph.D candidate of Department of Dentistry, National Yang Ming Chiao Tung University as well.

## Dr Jennifer Yap

Dr Jennifer Yap graduated from Taipei Medical University in year 2009. She completed her residency training in both general practitioners and orthodontics at Chi Mei Medical Center Tainan. She was awarded as Board Certified Orthodontist after passing the National Board Specialist Examination in year 2017. She is recognized as a fellow member by World Federation of Orthodontics. She returned to Malaysia in year 2021 at the height of the pandemic to serve her nation. She is now in private practice limited to Orthodontics only.

## Dr Ko Eng Hong

Dr. Ko graduated from National Taiwan University in 2013. She then obtained full registration to practice in Taiwan and completed her residency training at National Taiwan University Hospital in 2015. She then furthered her speciality training in Periodontology at the University College of London, the United Kingdom. In 2018, she obtained a Master of Clinical Periodontology and the European Federation of Periodontology (EFP) Diploma in Periodontology and Implant Dentistry. Within the same year, she was inducted as a member in Periodontics with the Royal College of Surgeons of Edinburgh. In 2021, she returned to Malaysia to serve her home country and registered as a periodontist with Malaysia Dental Council. Dr Ko is currently practicing at Johor Bahru Clinics as a periodontist and implantologist

## Dr Nelson Low

Dr. Nelson received his Doctor of Dental Surgery (DDS) degree from Taipei Medical University in 2013. He sat and passed the Taiwan Dental National Board and registered as a dental surgeon. Subsequently he has pursued his specialist training and has gained master's degree (MSc) in clinical periodontology and implant dentistry at Taipei Medical University Hospital and Shuang Ho Hospital under the tutelage of renown pioneers in Taiwanese periodontology. In his continuous diligence to refine his skills, he has completed the Continuing Dental Education Program hosted by New York University (NYU) and have been awarded a diplomate of implant dentistry by Asia Pacific Academy of Implant Dentistry. Dr. Nelson specializes in guided bone regeneration, guided tissue regeneration, implant surgery, sinus lifting surgery, periodontal plastic and aesthetic surgery, aesthetic crown lengthening, soft tissue augmentation, and non-surgical periodontal therapy.
